

War in Palestine Virtually Ended

Trans-Jordan Armistice With Israel Is Signed

RHODES, April 4.—(AP)—King Abdullah's Trans-Jordan, Israel's most powerful foe in the Palestine conflict, last night signed an armistice with the Jewish state.

The armistice, valid for one year and renewable, virtually liquidates the Palestine war.

It was disclosed that Trans-Jordan was empowered on March 30 to negotiate on behalf of Israel and will take over Iraq-held armistice lines in northern Palestine.

ONLY SYRIA LEFT
That leaves only Syria as an active combatant with whom Israel has yet to negotiate. An official report from Tel Aviv said armistice negotiations with Syria's new military government are expected to begin tomorrow.

Armistices already have been signed with Egypt Feb. 24 and with Lebanon March 22.

The new armistice agreement permits Israel to maintain armed forces in the Aquila area at the northern tip of the Red Sea.

Most important, it permits sale of many problems, particularly in Jerusalem, and revives operations of the two countries, to the exclusion of the United Nations.

SPECIAL COMMITTEE
This agreement to sidetrack profits for the international office of Jerusalem.

The armistice agreement provides for creation of a special Israel-Trans-Jordan committee with two representatives from each country.

A high authority said the two countries already had agreed to principles that the committee would be given free Jewish access in holy places in the Arab-held city of Jerusalem and left to die in the ditch.

PERMS ADI U.K. PATIENTS
NEWCASTLE—ON TUNE, England, April 4.—(CP)—Women patients in U.K. hospitals administered by the Newcastle—ON TUNE Hospital may now get free perms as an aid to recovery.

Doctors say "glamorized" women patients really feel better, are cheerful to the staff and "more confident" when receiving husbands, boy friends or families.

Lumber Unions Seek Wage Boost
VANCOUVER, April 4.—(CP)—The rival guilds of British Columbia's multi-million-dollar lumber industry announced yesterday that they will seek separate wage and hour demands for more than 40,000 workers.

International Woodworkers of America (IWO-USA) and the United Brotherhood of Carpenters and Joiners of America (UBCA) announced their demands following week-end conferences.

The IWO, which broke away from the IWA last October, will seek increased hourly wage boosts. The UBCA wants 15 cents. Both unions said they will fight for a discount reduction in board rates, increased by camp operators last fall from \$2.50 to \$2.40 a day.

Egg Diet Preferred Over Frozen Caribou

CHURCHILL, Man., April 4.—(CP)—An Arctic missionary who ate nothing but frozen, raw caribou meat and frozen fish for six months while he lived with an Eskimo tribe on the fringe of the Arctic Circle said Saturday in an interview that his greatest pleasure in returning to civilization came from eating eggs.

Rev. Joseph Hildner, now recovering from the rigors of a winter of extreme cold and privation, admitted that he had "suffered" egg-eating within a few hours of the time that he had reached the Roman Catholic mission here.

STEAKS, FRENCH FRIED
But the eggs—eaten in late of four about two hours apart—only made up part of the food that the hungry missionary stored away.

He also tucked away a caribou steak "about as thick" (fingers about two inches apart), a great mound of French fried potatoes and plenty of milk.

The missionary said possibly 50 Eskimos in his territory were in "dire" need of ammunition to shoot caribou, which provide them with food, clothing and fuel.

AMMUNITION SENT
Ammunition for Eskimos needing it already has been dispatched from Churchill aboard a plane which will visit 16 settlements.

The missionary said that wolves are plentiful in the northeast this year. He said this is particularly true in the back river area near the Arctic Circle. Some wolves, the Eskimos in that section have lived on wolf meat for the past few years. Father Hildner said he has not yet eaten wolf meat.

Working Time Cut
BRANTFORD, Ont., April 4.—(CP)—Some 300 employees of the Canada Car and Foundry, Limited, plant Saturday were switched to a four-day shift work week. Reason for the cut in hours was given as shortage of railroad equipment.

Smith and Williams were reported most critically injured.

2,000 YEARS EXPERIENCE HELPS ALSO

WEST HARTLEPOOL, Durham, England, April 4.—(CP)—You've got to know the answers to be a bus conductor here. That's official.

New recruits are asked: "What killed King Arthur?"

"What are the national emblems of England, Scotland, Ireland and Canada?" and "What are London's main railway stations?"

An official said: "About 50 per cent fail, but those who pass quickly adapt themselves to the job."

Not. According to one legend, King Arthur was killed by his nephew Mordred at the Battle of Camlann in A.D. 537.

Niagara Wreck Injures Six

NIAGARA FALLS, Ont., April 4.—(CP)—Six persons were seriously injured early Saturday in a three-car crash about five miles northwest of here on the Queen Elizabeth Way.

Rushed to the Greater Niagara General Hospital in ambulance, and taxis were Reginald Davey, John Williams, Alex Smith, Joseph Lather and his wife Elizabeth, all of Hamilton, and Richard McLeod of Stamford township.

Smith and Williams were reported most critically injured.

Habs Square Up Series 3-1 Win Over Wings

Deciding Tilt Tuesday In Detroit Olympia

MONTREAL, April 4.—(CP)—Montreal Canadiens called on all their courage and razzle-dazzle Saturday night to hang a 3-1 defeat on Detroit Red Wings and send their Stanley Cup semi-final into the seventh game.

A roaring crowd of 11,226, shoe-horned into Montreal Forum, hysterically watched Canadiens thumb noses at the threat of elimination and turn in their most brilliant display of the series.

Final game will be played Tuesday at Olympia Stadium.

All goals came in a hectic outburst in the second period, and the hero mantle again fell on little Gerry Plamondon. The blundering winger rifled two goals and almost equalled his three-goal hat trick that of the second game.

RICHARD IN FORM

Maurice Richard, playing a strong two-way game, snapped back into form and scored on a typical Canadiens exhibition.

Gordie Howe, who has become Mr. Poison to Canadiens in this series, scored the Wings' lone goal, his seventh of the playoff.

Although Canadiens suffered six of the penalties, they made better use of man-power advantage. Plamondon's first goal came while the Canadiens were all over, but then Richard and Plamondon struck swiftly for more while the Wings' defense was still sitting out a cross-check penalty.

Howe scored while Canadiens were short-handed two times, Doug Harvey and Butch Bouchard.

Through the third period of spectacular drives, close checking behind the lines and rugged, bouncing body-checks, the Canadiens played no small part.

BEWILDERING ASSASSIN

Coach Dick Irvin of Canadiens shuffled and re-shuffled his forward lines in a bewildering assortment that had coach Tommy Ivan of the Wings wondering what was happening. He admitted his dilemma after the game.

Floyd Curry, right-wing bruiser on the Buffalo line for the series, made his debut. At centre on the same starting line was Maurice McKay, another Buffalo forward, but Rippele was in.

MAURICE RICHARD
... Strikes again.

Devon Curling Club Elects New Officers

DEVON, April 4.—Annual general meeting of the Devon Curling Club was held March 30 for the purpose of electing new officers for the coming year. There was a good turnout of the members, who were treated to some very interesting and encouraging reports given by the club president, J. C. Aird and others.

J. C. Aird was prevailed upon to serve as president for another year in the lively election. J. C. Aird was elected secretary by acclamation.

Other election results were as follows:

Honorary president—Robert B. Curran, of Imperial Oil Ltd. and James L. Lowery, of Home Oil Co. Ltd., these two being in addition to H. H. Hewerton and Walter L. Taylor, who were elected last year; vice-president—W. H. Dingle, treasurer—Hugh F. Nalder, draw secretary—B. Evans, working committee—A. L. LeDrew, who will act as chairman and choose his own staff.

Following the election of officers an enjoyable evening was held consisting of refreshments and dancing.

Another highlight of the gathering was the presentation of the curling trophies to the victors. The H. H. Hewerton trophy was presented by Mr. Dingle, on behalf of Mr. Hewerton, to J. C. Aird's rink which is comprised of J. C. Aird, J. C. Aird, Walter Taylor, and Miss K. Dingle. The Somers trophy was presented to the all-conquering Aird combination, and was presented by Mr. Somers himself.

Lacombe Trade Board Plans Bigger Program

LACOMBE, April 4.—One hundred and sixty attended the annual meeting of the Lacombe and District Board of Trade last week. Frank Adamson, prominent young businessman was elected as president and a more extensive program is planned for the ensuing year.

Hon. D. B. McMillan, minister of public works and MLA for the constituency, was the guest speaker and representatives attended from the Kinley and Bentley Boards of Trade.

Marwood Swain, recently established in business here, was chosen vice-president and Jim McKee was re-named secretary-treasurer. Committees to act on the executive were elected from groups of retailers, farmers and professional men.

The retiring president F. O. Vinton, gave a resume of the past year's activities and outlined various activities that were on tap for the coming year before turning the meeting over to the new president.

Included in the business of the evening was the passing of the year and the new executive by laying plans already to make it a good one.

Community singing during the counting of the votes was enjoyed by L. B. Hopkins and Mrs. W. Sutherland, and a solo rendition by Trevor Hopkins rounded out the entertainment.

Considerable enthusiasm is being shown in the Board of Trade this year and the new executive is laying plans already to make it a good one.

Health Survey Meeting on 12th In Wetaskiwin

WETASKIWIN, April 4.—Two members of the Alberta Health Survey committee will visit Wetaskiwin on April 12 and 13. It is expected there will be a large turnout of citizens to hear the health survey committee, its purpose and aims explained and also to ask such questions as will serve to clarify the many important matters connected with public health.

The meeting will be held in the Legion Hall at 4:30 p.m. Both the hall and the hour have been chosen to accommodate those who will naturally wish to be present and to avoid other engagements.

It has been suggested that all public and semi-public organizations should be represented either by an authorized representative or by a group of interested citizens.

Stress is laid upon the fact that this is a general meeting to which the public is invited. The committee is not a health survey committee, but a public health survey committee, and its purpose is to survey the health of the community as a whole.

If there should be any specific matter which any person or organization feels should be brought to the attention of the survey committee, the committee would appreciate receiving it in writing and preferably before the date of the meeting. If this should not be feasible then the committee will discuss any matter if brought up at the meeting.

North Uranium Finds Cause Halt in Prospecting Mines

FIRST SEED REPORT FROM TABER AREA

First report of spring seeding on the prairie comes from the farm of H. F. Thacker just east of Burdett on the Taber subdivision of the Canadian Pacific Railway, April 1.

Ted Lang, farming two miles west of Burdett began seeding spring wheat this morning.

Railway agents from this area have reported to J. R. Almy, CPM general agricultural agent, that topsoil moisture is in fair condition but subsoil not quite so moist as it was last spring.

CCL Affiliates Plan Political Action Here

Political action groups will be set up in Edmonton by Canadian Congress of Labor affiliates.

This was decided following a week-end conference between Murray Cottrell, national director of political action for the CIO, and Ed Hammon, president of the local division of Alberta.

SUPPORT CCF

It has been officially announced by R. H. Cottrell, A. R. H. Hammon, president of the CCL, that the action groups will support CCF candidates at the next general election.

START APRIL 11

Following the conference, Roy J. J. Hammon, educational director for CIO unions in Edmonton, announced organization of political action groups will be started at the next meeting of Edmonton Labor Council on April 11.

Cottrell is on a nation-wide tour of organization of political action units among the 350,000 members of Canadian Congress of Labor unions.

SUPPORT CCF

It has been officially announced by R. H. Cottrell, A. R. H. Hammon, president of the CCL, that the action groups will support CCF candidates at the next general election.

RCMP Probe Rifle Death

RED DEER, April 4.—(CP)—RCMP today are investigating the death of a 16-year-old schoolboy who was found shot through the head in a field near Innisfail, Alta., 15 miles south of here. A 22 calibre rifle was lying beside the body.

Police reported that Wesley, son of Harold Murgatroyd, farmer in the Innisfail area, was found dead yesterday following a gun battle which began late Saturday night.

The boy was a student at the Cameron Vassar College in Red Deer and had gone home for the weekend. He had his parents in Innisfail Saturday morning then set out on foot, carrying a rifle, for his farm home about eight miles from town.

His parents became alarmed when he did not reach home and organized search parties. A civilian plane was enlisted in the search but it had to be called off because of darkness.

Parties again went out early yesterday and the boy's body was found about three miles from Innisfail. There was a bullet wound through the head.

New Cheques Bring PFA Aid To \$13 Millions

REGINA, April 4.—(CP)—R. F. McGreger, Prairie Farm Assistance Act director, said today cheques for about \$13,000,000 were mailed to March to western Canadian farmers.

The March instalments brought total benefits for the 1948 PFA program to \$12,712,128.

Prairie Farm Assistance is a pool-aid plan to guarantee farmers who lose their crops a cash return to tide them over until the next harvest. Farmers in lowlands harvesting wheat crops which average four bushels to the acre or less can qualify for payments to \$700.

Farmers contribute one per cent of the cash proceeds from their wheat, barley, oats or flax for this production insurance.

Saskatchewan claims for 1948 were paid largely by federal and provincial governments in Manitoba claims arose from flood losses.

Thousands Chicks Burned At Calgary

CALGARY, April 4.—(CP)—One thousand baby chicks were burned to death yesterday when fire destroyed a chicken house on the Banff highway some six miles from here. Loss from the fire, named on an overheard broadcast, is placed at \$6,000.

Stamp Club

Regular meeting of the Edmonton Stamp Club will be held tonight in the Public Library at 5:30. A stamp auction will be the event of the evening with about 60 lots being offered.

Candidate Chosen

ANDOVER, N.B., April 4.—(CP)—Liberal of Victoria-Carleton, meeting here Saturday, chose D. Raymond Bishop, Woodstock leader, as candidate in the next federal election.

Receipt of applications for concession allotments in the Goldfields uranium belt of Lake Athabasca, has resulted in the temporary withdrawal of prospecting and staking rights within an area 20 miles in radius under terms of the Saskatchewan Mineral Resources Act.

The reservation order, issued by Minister A. H. Macdonald, is effective from March 29 and will maintain until concession blocks have been officially designated.

The 20-mile circular area involved is centred officially at the No. 4 post of the Westy mineral claim number 84191, which is located on the north side of Mumma Bay some six miles north of Goldfields townsite near the Alberta border.

The concession blocks in size from 10 to 25 square miles, have now been established within the area. (Related report by the Saskatchewan mines branch of applications from well known prospectors Canadian mining and prospecting interests.)

Provision has also been made for the allotment of additional blocks.

NOW WORKING

Concessions cover favorable uranium areas on extensive of high grade deposits now under intensive development on the north and east of Goldfields.

Advanced exploration work, carried out since the start of the Edmonton Mining and Refining Ltd., and Nicholson Mines Ltd., includes the purchase of land and the opening of underground tunnelling.

It is believed that the prospects for the area are now proposed to investigate ore zones during the 1948 season, with work continuing in 1949.

Small shipments of ore already made from the Goldfields area to the Edmonton refinery at Port Hope, Ont., have been found to contain important gold and platinum values in addition to a high uranium content.

An established water route from the lake at Waterways, Alta., on Goldfields by way of the Athabasca River, has simplified transportation problems of the uranium operators. Power is available in the area from a \$1,000,000 plant formerly used by the Box mine, a subsidiary of Consolidated Mining and Smelting Ltd.

SAME TERMS

Terms of the new goldfields concessions are similar to those which have already been authorized by the area from a \$1,000,000 plant formerly used by the Box mine, a subsidiary of Consolidated Mining and Smelting Ltd.

Ice Break-Up Halts Flying

Northern Alberta residents will be without air service for about 10 days beginning April 15, it was learned here today, because of arrival of the spring ice break-up.

While various charter and scheduled flying services operating out of Edmonton are changing over their aircraft to the new season, the flying of the airlines is being held up in many lakes will be floating ice to land for nearly two weeks.

Tom Fox, manager of Associated Airways here, said that flights into isolated northern districts should be resumed about the end of the month if the present winter weather continues.

The temporary halt of flying occurs because of the ice.

Aircraft also stop flying for a short period when the lakes begin to freeze over in the winter.

Teacher Official To Chicago Meeting

Eric C. Andey, secretary of the Alberta Teachers' Association, left Edmonton yesterday for Chicago where he will attend the semi-annual meeting of the board of directors of the Rural Education Society.

Andey is the Canadian Director on this sixteen executive committee, the Young People's Council, and the Manitoba Trust.

The boys' association will be the first time since the war. The trip, a surprise, a senior and a husband, are brand new and are making their first tour of Canada next season.

SOME CHANGE

Mr. Meaden announced a change in policy. There will be eight concerts at well as the extra. Each subscriber will have the privilege of omitting any one of the eight.

Prospectus for members will be mailed the last week of April and booking will take place May 2 to 7.

Firecracker Time
For Street Urchins

By Rex Thrifty

Siz-boom-bah!

Firecrackers are shooting the works with the boys of the street-light brigade.

Dreadful little urchins in the first unpleasantness of adolescence are whooping it up with reckless abandon these balmy spring evenings . . . with firecrackers as their weapons.

In preparation for May 24 . . . city shops are once again selling firecrackers at 25c of good money for a package of ten little crackers . . . I say tak . . . what a waste, boys!

Your proudest possession is probably a new spring suit.

Have you chosen each accessory shoo-oo-oo carefully? The frothy, feminine hat . . . the dainty silk blouse, the perfectly matched handkerchiefs and shoes . . .

DOROTHY DIX SAYS

Clever Husband
Ashamed of Wife

DEAR MISS DIX: Two years ago I married a clever and ambitious man and, although he loves me and is good to me, I can see at times that he is ashamed of me because I do not know what to say to people nor how to dress properly.

My husband would like for me to entertain, but I simply can't do it because I don't know how.

I want to be a help to my husband. Instead of a nuisance around his neck. Can you give me any advice as to what I should do?

A WIFE WHO IS A DRAGGAW. Answer: You are wise to realize that the most devastating emotion a husband can feel for his wife is for him to be ashamed of her. It will kill his love quicker than anything else on earth, for it touches his vanity to the raw. She represents his taste, his judgment.

She bears his name and is part of himself, and he cannot endure for other women to smile covertly at her gawkiness or lift their eyebrows at her appearance.

Now, my dear lady, it is time for you to get busy. Have somebody who speaks beautiful English teach you how to talk.

Get her to correct your grammar, your pronunciation, and to teach you the pattern of the day, for he is just as bad to be too pretentious and stilted as it is to be too unconventional in your speech.

READ NEWSPAPERS, MAGAZINES. Next read the newspapers and the magazines so that you can keep up with current events. Read books. Join a library club in which good books are read aloud and discussed.

Apply yourself to learning what's going on in the world and before very long you will be able to carry on an intelligent conversation with anyone.

As for clothes, go to a good dressmaker and put yourself in her hands. Perhaps the reason you are ill-dressed is because you are over-stressed and don't wear the right things at the right time.

Then get Emily Post's book on etiquette, which will tell you how to entertain at home.

YOUR BABY AND MINE

Training Should Be
Pleasant for Children

By Myrtle Meyer Eldred

It is often the mother who tries hardest and "does everything," who has the least success with her children's toilet training. Her attitude is tense. Her demands arise from the shame and humiliation she suffers.

Children are successful in achieving good toilet habits not because of these, but because of physical development itself. They have to be old enough—and then the control takes over of itself.

Hopful Mother writes: "My son will be two in a few days and he isn't trained. I have tried every way I ever heard of to get him to tell me, but to no avail. He talks well and can understand how to get all he wants. I have bribed and spanked him and nothing works. I have tried keeping him on the toilet seat from five minutes an hour and he waits until he is dressed."

"He is a large child and I am embarrassed with a diaper bag. People say, 'My kid isn't big for his age.' My husband thinks I am neglectful because other children he sees are trained."

Everything you have done tends to make going to toilet a punishment instead of a natural way of relieving the child. He is not to be controlled, controlled; he is still too young to tell you and the more you do, if you make it pleasant for him, to co-operate when you give him the opportunity to do so.

The more fun you make about his behavior, which is natural for his age, the more time the child believes and his efforts to please you may actually inhibit him so that he cannot get when you put him on the toilet.

There is a development period in childhood when it is far easier for the child to relate the sphincter muscles when standing up. Try to work out some sort of schedule which will suit the child's own time for going to toilet. Put him on at these times. If he fails, diaper him, or put on small pants and take care of him when he works on toilet time.

It is you who must continue to take the responsibility for this for most of the next year. If you are alert you can keep the child clean and dry and let him grow into an appreciation of the adult behavior you want initiated.

CHILI SAUCE
1 qt. basket large tomatoes
6 large onions
6 large peaches
6 large pears
3 red peppers
3 green peppers
Cut all up and then add:
3 cups sugar
3 cups salt
1 pt. vinegar
1 tsp. each of cinnamon, mace, allspice, cloves and a little celery seed

Put all in a bag, using whole apple. Boil two hours or until thick.

Our leaflet No. 65 "Toilet Behavior," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

BRIDGE

Proper Way to Use
No Trump Overall

By William E. McManey

The other night I had dinner with Guy Lombardo at the Roosevelt Hotel in New York City, where he and his band appear every night.

Guy got his start in New York and Cleveland. When they came over from New York to Cleveland, they contacted a booking agent named Mike Shea.

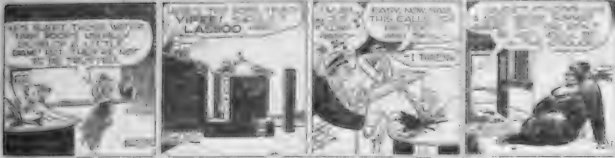

"Mike," the Royal Canadians, the next day Mike booked the band in a dance hall in Akron, and the Royal Canadians were on their way to fame.

They are making a lot of recordings. One of the latest, which Guy predicts will go far, is "Everywhere You Go." The title is appropriate to bridge, because everywhere you go, you find bridge being played.

Guy admits that a lot of it is played in his hand. Don Rodney, the vocalist, says that most of their arguments concern partner's overcall of no trump, so let's clear it up for the boys.

If your partner opens one of a suit, and you bid one of anything, you are simply showing your partner a chance to bid again. You are not promising him any particular strength. Therefore, you should make the easiest over-over-one response possible.

Inside Hollywood

By Bob Thomas
HOLLYWOOD—(AP)—Let's take a peek inside a radio gag factory.

The profession of putting jokes into comedians' mouths is much maligned. People coming of age as writers are often-watched, while young comedians of the first and what the agencies is required.

The writers were Ben Frankman, Edna Sklein, and John Murray, a bookmaker for the betting. They create the funny stuff for Red Sklein.

Arctic Studies Made Of Wheat Stem Rust

MONTREAL, April 4.—(CP)—Three McGill University scientists, who last week made a flight over the North Pole to examine airborne spores and pollen grains, returned here during the weekend to begin a study that may have a bearing on plant diseases in western Canada's wheat fields.

The scientists were Ben Frankman, Edna Sklein, and John Murray, a bookmaker for the betting. They create the funny stuff for Red Sklein.

ROYALITE Gets Rich Producer

By Don Finch
Royallite Oil Company has struck on its \$3,000,000 section, the richest producer yet to be found in the Redwater field. Its first production, No. 5-15 established an initial potential of 1,800 barrels a day prior to acidizing. After 4,500 gallons of acid were put down the well produced at the rate of 105 barrels an hour or 2,520 barrels a day. Well was bottomed at 3,155 feet.

Don Finch says the well is now starting on No. 12-13. Production string is being run on No. 8-15, while No. 11 is drilling at 2,700, No. 8-15 at 2,112 and No. 12-13 is setting surface casing at 643 feet.

North Continental No. 1 at Burdett got a recovery of 1,410 barrels of oil in a deluge test of 12 from 3,089 to 3,125 feet. Drilling has been resumed in a search of the 10. Chief Releaser No. 3, five miles southeast is drilling below 2,510 feet.

Don Accord No. 1 discovery which obtained a flow by heads last week is now shut-in because of road block.

FLANK HITS Oil

Frank Dealla No. 1 has obtained a good oil showing in their first well drilled on the western side of the Redwater field. The well is on the
